YOUR WATER, PROFESSIONALLY PERFECTED

CWP Osprey

Upflow Series Whole House Water Refining System

A Complete Water Refining System For Your Home

Rid your water of hardness minerals (calcium and magnesium) plus filter out bad tastes and odor caused by chlorine, chloramines or organic matter.

The unique two tank system keeps the two media beds separate, allowing for more carbon contact which greatly improves the removal of chlorine, chloramines and organics. Because the carbon typically needs to be replaced before the softening resin, the two tank system allows for easy cost effective replacement. You get the same benefit as a separate water softener and wholehouse carbon filter for a much lower price as the single control valve operates both systems.

Now you can enjoy truly refined water throughout your home!

Soft, Clean Truly Refined Water

- Great tasting water
- Odor-free. No chlorine!
- Soft skin & silky hair
- Spot free dishes
- Brighter laundry
- Easier cleaning
- Protect plumbing & water using appliances from scale build-up

Upflow Regeneration

drives the hardness minerals up through the already depleted resin and out to drain - saving both salt and the unused portion of the resin for future use.

Two tank carbon system keeps media beds separate, allowing for more carbon contact for improved chlorine, chloramines and organic removal

Carbon can be replaced without replacing the resin bed

Same benefit as separate systems but with cost of only one control valve

Upflow regeneration 75% less salt!!

Exclusive NSF Certified electronic control valve with superior piston, seal & spacer technology

Fully adjustable cycles allow customization to the most efficient settings based on specific water quality requirements

Backlit LCD display screen with no confusing codes or symbols.

NSF Certified fibreglass pressure tank with lifetime warranty

High density polyethylene salt tank with lifetime warranty

Brine safety valve for added overflow protection

Plastic salt grid prevents salt bridging

Unique precision turbine meter is incorporated in system bypass valve - saving space over 4" of floor space

Brine Tank Include

4320 Winfield Road, Suite 200
Warrenville, IL 60555
